

Sponsor brochure 2026

# What is Jeanne d'Hack CTF?

Jeanne d'Hack CTF is a **Capture The Flag** competition where players must solve complex challenges in cryptography, OSINT, pwn, reverse engineering, web security, and Windows.

- For **students**: This is the perfect opportunity to push your limits, **develop** your skills, and **meet** professionals in the field!
- For **companies**: Recruit talent, develop a **network**, and demonstrate to your clients that you **act** within the cybersecurity ecosystem.

# Past editions

The last two editions were on-site events only, featuring challenges and workshops!

- **2024:** Approximately 50 participants  
<https://www.jeanne-hack-ctf.org/en/post/2024/>
- **2025:** Approximately 120 participants  
<https://www.jeanne-hack-ctf.org/en/post/2025/>

# Who Will Attend?

This year, the CTF will be open to **everyone**!

- **Target audience:** Students, professionals, and enthusiasts in cybersecurity.
- **Expected number** of participants: Approximately 300 people on-site, with the possibility of more participating remotely.

# Sponsorship tier

| Benefits                                      | Bronze | Silver | Gold |
|---|--------|--------|------|
| Logo on the website                           | V      | V      | V    |
| Logo on the CTFd                              | V      | V      | V    |
| Logo on the merch                             |        |        | V    |
| Communication on LinkedIn / Instagram grouped | V      | V      |      |
| Dedicated booth                               |        | V      | V    |
| Reserved seats for the CTF                    | 1      | 5      | 10   |

# Sponsorship tier

| Amount in Euro (TTC) | Tier   |
|----------------------|--------|
| > 250                | Bronze |
| > 500                | Silver |
| > 1000               | Gold   |
